## FAQs

### **Will we be allowed to bring our own food and drink?**

We do not allow external catering with the exception of a celebration cake and we cannot allow guests to consume their own alcohol on the premises.

However we have an extensive range of alcoholic and non-alcoholic beverages so there should be something to tickle everyone's tastebuds!

### **Will we be permitted to decorate the venue?**

You are more than welcome to decorate the room that has been hired as you wish, one thing we do not permit is confetti and we require no permanent fixtures or fittings to be made.

### **Can we play our own music?**

We do have sound systems in the Tap Room and the largest Function Room in which a device such as a phone or laptop can be plugged in for your own music to be played.

### **Can we have our own band/DJ?**

We can allow live music, but would have to discuss logistics regarding sound and sound limits. DJ's are always welcome, however the set up has to run through our built in mixer and sound system. We can send photos of the set up and any technical specifications on request.
